A WORD WITH RITCHIE SEMPLE THE FOUNDER & OWNER OF TOTAL FOOTBALL EXPERIENCE

Describe the benefits of taking a sports team abroad?

There is undoubtedly no substitute for real life experience in the wider world. Trips abroad provide a great opportunity for players to gain such an experience and face a range of challenges that can contribute significantly to their personal development. It raises the whole area of interpersonal skills, including leadership, team work, trust and respect. Research suggests that residential trips have the profound ability to inspire players into having greater aspirations and broadening their horizons for their future. The key benefits of sports related trips for young learners include physical skills, activity and knowledge, personal and social development and the opportunity to set and achieve personal goals.

As I have stated earlier we look to cater to the individual needs of any team. We can provide many activities ranging from competitive matches against similar level opposition, training sessions, watching top-flight matches, etc. We also feel it is important for teams to have some down-time to recover from matches and training so they can enjoy the local culture.
